Community Boards

Role of community boards (s52 Local Government Act 2002)

- a) represent, and act as an advocate for, the interests of its community; and
- b) consider and report on matters referred by the council and other matters of interest
- c) maintain an overview of services provided by the council within the community; and
- d) prepare an annual submission to the council for expenditure within the community;
- e) communicate with community organisations and special interest groups within the community; and
- f) undertake any other responsibilities that are delegated to it by the territorial authority.

Addressing the community board

Requests for public forum and deputations need to be made at least one day prior to the meeting. The Chairperson has authority to approve or decline public comments and deputations in line with the standing order requirements.

Public Forum

Public Forums enable members of the public to bring matters to the attention of the committee which are not contained on the meeting agenda. The matters must relate to the meeting's terms of reference. Speakers can speak for up to 5 minutes, with no more than two speakers on behalf of one organisation.

Deputations

Deputations enable a person, group or organisation to speak to the meeting on matters contained on the agenda. An individual speaker can speak for up to 10 minutes. Where there are multiple speakers for one organisation, a total time limit of 15 minutes, for the entire deputation, applies.

Purpose of Local Government

The reports contained in this agenda address the requirements of the Local Government Act 2002 in relation to decision making. Unless otherwise stated, the recommended option outlined in each report meets the purpose of local government and:

- Will help meet the current and future needs of communities for good-quality local infrastructure, local public services, and performance of regulatory functions in a way that is most cost-effective for households and businesses;
- Would not alter significantly the intended level of service provision for any significant activity undertaken by or on behalf of the Council, or transfer the ownership or control of a strategic asset to or from the Council.

Additional Comments to Freedom Camping Review

The Waitara Community Board support freedom camping in principle and would not like to see it restricted as visitors should be encouraged. We need to share out tikanga with the widest group possible.
