

Background

Objections may only be made on the grounds that the Council has:

- Failed to properly take into account features of the development that, on their own or cumulatively with those of other developments, would substantially reduce the impact of the development on requirements for community facilities in New Plymouth District or parts of the district, or
- Required a development contribution for community facilities not required by or related to your development, whether on its own or cumulatively with other developments, or
- Required a development contribution in breach of section 200 of the Local Government Act 2002, or
- Incorrectly applied its Development and Financial Contributions Policy to your development.

Objections must be lodged with the Council within 15 working days of receipt of the development contribution notice or the notice of reconsideration outcome. These are determined by government appointed development contribution commissioners and may be subject to a hearing. As the objector, you will need to cover the costs of the objection process.
